25X1 24. [REDACTED] LIAISON Col. Steve Harrick, OSD/Legislative Affairs, called concerning the United Press International article regarding Mr. Knoche and others and I informed him of the DCI's press release.

In response to my query, he said that a compartmented clearance for Mark Moran, in the office of Senator Frank Church (D., Idaho), had been initiated by a substitute secretary in his office during his absence, but when it came to his attention, the processing was cancelled and Senator Church's office was informed.

25X1 25. [REDACTED] LIAISON Called the following Committees to straighten them out on the United Press International story on Mr. Knoche and the Agency: House International Relations Committee, Jack Brady; House Armed Services Committee, John Ford; and House Appropriations Committee, Marsha Matts (in the absence of Ralph Preston and Chuck Snodgrass).
